

The Internet and the World Wide Web are integral tools in the future of communications.

Do you know enough to survive?

Using the Internet

Hands-on Training
by EI Review & Company, Inc.

EI Review & Company, Inc., a leader in professional development training, has developed a one-day course in the use of the Internet to ensure that you are up-to-date and prepared to meet the needs of your business or work place. The course includes video, lecture, demonstration, and hands-on exercises. The course is computer-based and led by knowledgeable and experienced instructors.

The course addresses many areas, including:

- How the Internet and the WWW work
 - The difference between the WWW and the Internet
 - Accessing the Internet and Internet Service Providers
 - What are cookies and how are they managed
 - Firewalls, security, and viruses
 - URLs, host names and addresses
 - Searching for information effectively and efficiently
 - E-mail
 - Netiquette
 - Getting to know and setting up your browser software
 - Chatrooms, FAQs and RFCs
- and much more!*

If you would like to know more or wish to schedule a course for you and your employees, **please contact EI Review & Company, Inc. at 865.966.2900** or visit our web site at www.eireview.com.
